

with regard to the above issue, I am adamantly opposed to the expansion of LPFM, or any other FCC action which would eliminate or further degrade our K-Love signal.

K-Love provides my community with a vital service, in that it is very informative and uplifting - two qualities which can scarcely be used to describe the majority of the available programming.

With FCC allowances for vulgarity getting looser and looser every year, it has gotten to the point where I don't want to listen to radio at all - let alone allow my children to listen to it. The loss of K-Love would be devastating to my community.

It is in the best interest of the public to continue to not only allow, but support, wholesome, family-friendly programming such as that provided by K-Love. Please don't let us completely lose our morality!!
